Video and Photography

The Association is becoming increasingly concerned about the new wave of **mobile telephones with a photographic capability**, enabling the capture of both static & moving images. Used responsibly, such devices are perfectly safe, but sharing images widely may betray a confidence or even an identity & such information may help those who might want to harm children. The use of such equipment is difficult to control but we can all be vigilant & **if you have any concerns in this area, please bring them to the attention of someone responsible.**

This event maybe be photographed and videoed. Static images will be displayed on the website www.britishswimming.org at the venue and used to promote the sport at this event and events in the future. Moving images may be displayed at the venue and may be used to produce DVD's which will be sold at the event. British swimming and the ASA work closely with our experts to ensure that in making these images available to enhance the presentation of the event; we are not putting any children at risk in any way. If you have any concerns please refer to ASA Wavepower document, section 6, pages 60-62. The document can be found at www.britishswimming.org.

The following is taken from the new ASA Data Protection notice and relates to photography and video images for all events.

Recording images: The ASA and British Swimming may record the competition events in which you participate and general images of swimmers will form part of the information we hold and use. In addition to the purposes for general information set out above, the ASA and/or British Swimming may use these recordings and images for the purposes of education and training, swimmer analysis, performance, development, selection and event promotion.
